Wellness Level 9 - Sims can give Fertility Massages.

Wellness Level 10 - Sims can brew Lemon Honey Ginger Detox Tea and Share Detox Secrets.
Meditation

Meditation is one of many ways for Sims to increase their Wellness Skill while maintaining a peaceful mind. Sims who reach a state of tranquility while meditating will experience a “Successful Meditation”. This provides some great benefits to your Sims, and also unlocks the act of levitation!

During successful meditation, Sims have a good chance of increasing other acquired skills, improving their relationships, finding forgiveness in their hearts for enemies, and thinking of ideas that result in increased performance at work or school. Additionally, if you’re looking to get around your neighborhood a bit faster, Sims can even acquire the ability to Teleport onto any public space of the active neighborhood.

Lastly, Sims who reach successful meditation with a high level Wellness Skill, have the ability to freeze their motive decay. This allows your Sims to enjoy relaxation without the need to replenish their needs. (NOTE: You may have to cancel and restart the meditation interaction once you level up in the Wellness Skill to activate this powerful benefit.)
Yoga is yet another way to increase the Wellness Skill, while maintaining tranquility for your Sims. Yoga Mats can be purchased in buy mode and can be used anywhere your Sim takes them! Performing yoga not only increases Wellness, but also increases a Sim’s Athletic skill. Being Focused helps Sims perform at a faster rate.

Yoga can be performed by using the “Practice”, “Routine”, or “Pose” interactions. All interactions will run your Sim through a loop of different poses, but each provides different benefits for your Sims. The following poses are available when Sims perform Yoga and advance in the Wellness Skill.
NEW GAMEPLAY

Lord of the Dance Pose  Requires Level 6 Wellness Skill

Handstand  Requires Level 8 Wellness Skill

Bridge Pose  Requires Level 7 Wellness Skill

Warrior Pose  Requires Level 5 Wellness Skill

Triangle Pose  Requires Level 3 Wellness Skill

Greeting Pose

Practicing Yoga will give your Sims a focused moodlet that will help increase their Wellness Skill at a faster rate, while Yoga Routines give an emotional boost. The following routines are available via the Yoga mat at any time.
NEW GAMEPLAY

- **Energy Centering Routine** - Practicing Yoga can put a pep in one’s step and fill the soul for 8 hours. (Energy +1)

- **Brain Boosting Routine** - The smooth motion of moving between Yoga poses inspires creative thinking for 8 hours. (Inspired +1)

- **Mind Concentrating Routine** - The art of Yoga brings focus to those wandering thoughts of the mind for 8 hours. (Focused +1)

YOGA CLASSES

Sims can attend Yoga classes when visiting the Spa! Yoga classes are announced by notification, and begin 30 minutes after they are announced. The Yoga instructor has a pink icon over their head, and Sims can “Join” the class by interacting with the instructor.

When classes begin, Sims walk up to one of the available Yoga mats and begin the class. Each class lasts approximately 90 minutes and costs $110 Simoleons. (Sims cannot join a class already in progress.)
When classes are not in session, Sims can interact with the Yoga instructor and ask them to conduct a Yoga class on the spot. The following Yoga Class Routine options are available:

- **Energy Centering Routine** - Practicing Yoga can put a pep in one’s step and fill the soul for 12 hours. (Energy +2)

- **Brain Boosting Routine** - The smooth motion of moving between Yoga poses inspires creative thinking for 12 hours. (Inspired +2)

- **Mind Concentrating Routine** - The art of Yoga brings focus to those wandering thoughts of the mind for 12 hours. (Focused +2)

If you do not want to use the pre-built Yoga classes, feel free to create your own! To do this, purchase the Instructor Zen Again Yoga Mat in Buy Mode for $140 Simoleons, and place it inside of a Gym or Spa. Once you’ve placed the Instructor’s Mat, an NPC will automatically spawn to conduct classes.

- Instructor’s Yoga Mats will only spawn NPC’s on Gym and Spa lots.

- Non-NPC Sims cannot interact with the Instructor Yoga Mats.

- Place regular Yoga Mats within the Green area of the Instructor Mat. Yoga mats can be used during a class so long as at least half of the Yoga Mat is within the green area shown below.
Massages

All Sims teen and older can give and receive a variety of massages. The quality of the massage is tied into the Wellness skill, and can leave your Sim with either a positive or negative moodlet.

Sims can interact with a Massage Therapist NPC (back), a Reflexologist (foot/hand), the massage table, the massage chair, or even ask a nearby Sim for one of the various back massages. Getting a massage even boosts friendship levels with whomever is giving you a massage. Below is a complete list of massages available in the game.

- Some Sims will end up with negative moodlets when receiving massages from a stranger.
- Sims can interact with the massage table and chair on any lot with two or more Sims.
- Sims who own a massage table at home can hire a massage therapist via the telephone.

NEW GAMEPLAY

THE SAUNA

The Sauna is a relaxing object whose sole purpose is to ease your Sim’s tension. All Sims, children included, can “Relax” in the Sauna and enjoy a boost of happiness!

Sims with a Level 5 Mischief Skill can also “Sabotage the Sauna with Sulfur”. Sabotaged Saunas will release a yellowish, rotten egg smelling steam that makes Sims uncomfortable for up to an hour. Oh what fun!

DEATH BY SAUNA

Relaxing in the Sauna will give your Sims a boost of happiness, but spending too much time in the sauna will result in a very uncomfortable situation. Once a Sim has received the “Superfluous Steaming” moodlet, it is best to keep them out. If a Sim enters the Sauna before this 8 hour moodlet has lapsed, the Sim will die.
Sims who die of excessive steam exposure end up as ghosts who are very hot and dehydrated. When this ghost comes into contact with water puddles, they have the ability to “Absorb” the puddle. How’s that for hydration?

Sauna Woohoo

Being in the Sauna can be a lot fun for Sims who want some alone time! Sims in a romantic relationship can use the Sauna to “Woohoo” or “Try for a Baby”. Talk about Hot and Steamy!
